ELISpot/FluoroSpot Workshop

April 3rd, 2025

Hosted by:

Presented by: The ●● ERG ELISpot Resource Group

Innovative Peptide Solutions

- Optimizing ELISpot/FluoroSpot performance for high reliability
- Preserving cell functionality
- Running polyfunctional assessment of cells with FluoroSpot (dual, triple and quadruple cytokine/antibody secretion patterns)
- Next generation plate reading & Assessing the analyte amount released by single cells
- New class of serum validated for immune monitoring
- Innovative peptide and peptide pool formats, peptide stability and storage
- Determining responses
- Important considerations for assay qualification/validation

Refreshments will be provided

Where and When:

10:30 AM –1:30 PM / April 3, 2025

Old Road Campus Research Building
Oxford University
Roosevelt Drive,
Oxford OX3 7DQ
