ELISpot/FluoroSpot Workshop

June 5th, 2025

Hosted by:  Bristol Myers Squibb™

Presented by: The ●● ERG ELISpot Resource Group

MABTECH

jpt
Innovative Peptide Solutions

- Optimizing Elispot/Fluorospot for high reliability and a multitude of applications
- Preserving cell functionality
- Running polyfunctional assessment of cells with Fluorospot (dual, triple and quadruple cytokine/antibody secretion patterns)
- Next generation plate reading & Assessing the analyte amount released by single cells
- New class of serum validated for immune monitoring
- Innovative peptide and peptide pool formats, peptide stability and storage
- Determining outliers and responses
- Important considerations for assay qualification/validation

Refreshments will be provided

Where and When:

12:00 PM –3:00 PM / June 5, 2025

Bristol Meyers Squibb
250 Water Street
Conference Rooms 1st Floor
Cambridge, MA 02141
